

Compliance Solutions

International Approvals

CE Certifications, UL Listings, FCC Grants, TCFs, CCC and much more

Hermon Laboratories offers compliance consulting, testing and certification solutions according to worldwide standards and regulatory rules. This shortens the time-to-market while reducing costs associated with compliance testing failures.

Hermon Laboratories offers:

- *Proactive guidance based on our extensive knowledge and experience in the field.*
- *Recommending optimal route(s) for product certification.*
- *Test plan preparation.*
- *Technical design review and consulting to meet the compliance specifications.*
- *Problem solving during testing.*
- *Worldwide compliance marks.*
